Lol, just wait until you have 100,000 of us with guns in DC just waiting for GEOTUS to say the right thing. Then you can be scared.

He knows how pissed everybody is too. He saw his supporters really acting like an angry mob at his last rally in Georgia when the two candidates took the stage. Trump knows what we're all hoping for and he knows why people are showing up on the 6th.

100%

Be there, will be wild

The man is a master planner and baiter. He's going to get everything in line and bait the media into blaming him even though he didn't throw a brick or tote a gun. Once and for all proving how they fall for everything.

EVERYONE needs to understand--this isn't a rally, it's a DECLARATION OF WAR!

If you aren't prepared to fight and die, then you should start preparing to live on your knees!

can you imagine if the deep state tried to drone the patriots in DC?

if that happened i believe there is a 100% chance the military would have no choice but to take over and execute every last traitor in this country

Give me a 22lr and a scope, ammo is cheap, gov drones are not. I'm your huckleberry.

You other pedes find the pilot with the bigger heat.

i like your style, but birdshot ain't a bad plan either for smaller drones. but for the big fucker that you never see, there is more value in hiding from them were they will have to decide if the collateral damage is worth it. (like certain buildings)

He looks like a Mexican businessman.

Or a South American dictator.

I can almost hear the choppers starting up.
